

Fact Find about Data

Task:

In your school try to find out the answers to the questions below. Some of the questions are where to find the data within the school and some are to further develop your understanding of data as a class teacher.

Question	Where to find/answer
Where is the data held for each pupil?	
What external data is used to set targets for pupils in the school?	
How do I know if a pupil has learning needs?	
Does the school use any bench line tests when pupils enter the school? If so, what are they?	
How are the bench line tests used to create targets for each pupil?	
How are targets set? Are they end of year, end of Key Stage, end of term?	
How are targets set for the different curriculum subjects?	
How is the progress of a pupil reported to parents?	
When are targets reviewed for pupils in the school?	
What happens if a pupil meets his/her target early?	
What happens if a pupil is unable to reach his/her target?	
Are targets discussed in the assessment, recording and reporting policy for the school?	
How is the process of targets explained to parents?	
How is progress of a pupil discussed from his/her feeder school?
